

OmniJourney - Promote and boost your business using AI.

OmniJourney is an innovative digital visibility platform that allows companies, professionals and personal brands to create and promote personalized chatbots, without requiring technical knowledge. We offer three plans: **User**, **Pro** and **Promoter**, each designed to meet different needs and levels of interaction.

1. Tier User – Interaction without Barriers

The plan **User** is designed for those looking for a **interactive experience** without having to create your own chatbot. This plan allows users to enjoy the benefits of chatbots created by OmniJourney to enhance their online experience. Some notable features include:

- **24/7 interaction** with chatbots: Enjoy immediate and personalized responses at any time.
 - **Access to public chatbots**: Learn about the chatbots that are helping companies and brands to improve their customer service, increase their visibility and offer a more efficient service.
 - **Learning and experience**: Interacting with chatbots is not only useful, but it also allows you to see how they work, giving you ideas on how you could integrate this technology into your own business.
 - **No need to create a chatbot**: If you just want to take advantage of the features already available, this plan is perfect to start experimenting with chatbot technology without having to commit to creating your own.
-

2. Tier Pro – Transform your Business with Custom Chatbots

The plan **Pro** is aimed at those who want **create and promote** a chatbot that helps your business grow, but without the need to be programming experts. In addition, if the OmniJourney company is responsible for the development, users can enjoy additional benefits. Pro plan features include:

- **Custom chatbot creation**: Although users do not create their own chatbots, they can work with the OmniJourney team hand-in-hand to develop a bespoke virtual assistant, tailored to their needs.

- **Promote your business through chatbot:** The chatbots created can be used to capture leads, offer customer service, resolve frequently asked questions and increase engagement with potential clients.
 - **Direct exposure to your target audience:** Thanks to the visibility that OmniJourney provides, the chatbots created in this plan will be promoted on our portal, increasing their reach.
 - **Promotional campaigns:** Take advantage of digital marketing campaigns through social networks and other channels, designed to increase the visibility of your brand and attract new customers.
 - **Training with own documents and services:** The chatbot can be trained specifically with your business information and documents, guaranteeing more personalized attention.
 - **Constant advice:** Get ongoing support to optimize your chatbot and maximize the benefits of the platform.
-

3. Tier Promoter – Earn by Promoting Technology

The plan **Promoter** is designed for those who want **promote and sell** OmniJourney tools, and earn commissions for it. This plan is perfect for those who want to get into the chatbot business, promoting the tools that OmniJourney creates for companies and brands.

Promoter plan features include:

- **Sale and promotion of custom chatbots:** Offer the tools created by OmniJourney to your potential clients and earn a commission for each sale made.
- **Full access to the platform:** Promote chatbots, edit their details, and manage interactions for customers who purchase the tools.
- **Earn commissions:** As a Promoter, you can earn a percentage of chatbot sales, allowing you to monetize the promotion and sale of the technology.
- **Growth opportunities:** Expand your network and earn additional income by helping others adopt chatbots in their businesses.
- **Advanced training:** Access training materials and personalized assistance to improve your promotional capacity and increase your sales.
- **Extended visibility:** Promoters have outstanding visibility on the OmniJourney platform, increasing the possibility of attracting new customers.

Why choose OmniJourney?

In addition to the specific functionalities of each plan, OmniJourney offers unique features that make interaction with the platform even more attractive and useful for users:

- **Access to an active community:** By being part of OmniJourney, you join a community of professionals, entrepreneurs and brands seeking to innovate and improve their digital presence.
- **Automation and efficiency:** With our chatbots, you can automate processes such as customer service, lead capture and answering frequently asked questions, saving you time and resources. You can even have chatbots to automate internal processes (Marketing, administration, decision making....)
- **Continuous improvement:** The platform is constantly updated with new features and improvements based on the needs and suggestions of our users.
- **Global visibility:** Thanks to direct exposure on our portal and our promotional campaigns, your brand or business can gain global visibility, regardless of its size.
